

## **A-Bio and GlaxoSmithKline Advanced Long Term Partnership with 3<sup>rd</sup> Project**

Singapore, 11<sup>th</sup> January 2006 – A-Bio Pharma Pte Ltd (A-Bio) is pleased to announce its third process development and clinical supply service agreement with GlaxoSmithKline Biologicals (GSK Bio) via the signing of an agreement with Glaxo Wellcome Manufacturing PTE Ltd. This project is certainly a further boost to A-Bio's pipeline of projects as both companies will be working closely together for all three projects over the coming years.

### **About A-Bio**

A-Bio Pharma Pte Ltd is Asia's leading biologics contract manufacturer who provides a full range of manufacturing solutions for mammalian cell culture systems, including process development, optimisation, manufacturing scale-up, GMP production, quality control and regulatory compliance. A-Bio, funded by Bio\*One Capital Pte Ltd (<http://www.bio1capital.com>), started operations in November 2003 providing GMP manufacturing of clinical Phase I and Phase II biologics. Plans are underway to expand the capacity of this facility to meet increasing production needs globally.
